**P.J. Louis, President of P.J. Louis LLC, Joins AirPatrol's Commercial Advisory Board**

Columbia, MD – December 12, 2011 - [AirPatrol Corp.](#), a leader in wireless security, is proud to welcome P.J. Louis to its Commercial Advisory Board.

Since 2004, P.J. Louis has owned and operated P.J. Louis LLC. P.J. Louis LLC is a consultancy that provides business & operational advisory services to investors and to underperforming/distressed telecommunications, media and technology companies. P.J. has over 30 years of experience leading companies in the financial, media, Internet, and telecommunications industries.

"I am thrilled to have P.J. join AirPatrol's Commercial Advisory Board," Bradley Rotter, AirPatrol's Executive Chairman, stated. "P.J. is a versatile senior executive and an amazing resource for the company."

P.J. is a hands-on seasoned executive with experience in directing large-scale technology development and deployment efforts. With previous experience at FTI Consulting, PricewaterhouseCoopers, LLP and many more, P.J. is also an accomplished author on various telecom technology and industry topics.

"AirPatrol represents the next generation of cyber security," expressed P.J. Louis. "The company's approach to security combines cognitive mobility, location technology, contextual awareness, and situational awareness in such a way that there is no single product like it in the marketplace."

**About AirPatrol Corporation**

AirPatrol is the first and only security company whose technology can continuously monitor any mobile device on cellular and Wi-Fi channels in an enterprise, determine its compliance with security policy, enforce the appropriate policy on the device in real time and dynamically empower the device's capabilities for the situation regardless of who the user might be. AirPatrol offers a comprehensive suite of location-based management solutions that enable clients in the government, financial, healthcare, corporate and retail sectors to keep pace with the expanding security requirements of an increasingly mobile world.
